[Despatch Abstract.]

Committees - Forest Grievances Enquiry.
Committee, South Kanara - Recommendations regarding Fisheries - Orders passed

PUTTUR TALUK: Five tanks have been surveyed in the department for purpose of pisiculture: 2 in Kavettu village and one each in Bellare, and Sarnal villages.

COONDAPUR TALUK: 4 tanks have been recommended for being taken up and approval of Government is awaited. One of these is in Mosarguddy village.

KARKAL TALUK: Only one tank in Vettur village is being ~~prepared~~ proposed to be taken up and proposals are being submitted for sanction.

These are the only proposals so far in Malnad area. The tanks taken up by the Department will be stocked with various and quick growing species of fish fingerlings. It is also proposed to construct nurseries in suitable places so that the fingerlings stocked in them can be supplied to private pisi-culturists. There is a large scope of work before the Department in this line which will help in supplementing the staple food.

D.O.No.111002 P & D I/50-4.

Fort St.George, Madras,
Dated the 6th November 1950.

Sub:- Malnad Development - South Kanara District - Central Malnad Planning Committee - Immediate plans.

I am to enclose the following lists and reports relating to the Malnad area in the Madras State:

(1) A list of villages which form Malnad area in South Kanara District as approved by the Forest Grievances Enquiry Committee;

(2) A brief note showing the particulars of the Malnad area in Malabar and suggestions for Development; and

(3) the suggestions made by the Forest Grievances Enquiry Committee relating to your Department (in original to be returned with reply).

The Central Malnad Planning Committee which met on the 1st November

(p.t.o)

decided to include Gudalur taluk, Nilgiris District also in the Malnad area. The Member-Secretary has since requested the Secretary, Development Department who is a member of the Committee representing Madras State to prepare and send the Immediate plans of Madras State by the 20th of this month so as to enable him to place it for consideration before the final meeting of the Committee to be held by the end of this month. I am therefore to request you to offer your remarks on the suggestions of the Forest Grievances Enquiry Committee and also to suggest in the light of discussions held with the Central Malnad Planning Committee on the 1st November, schemes relating to your Department which may be included in the Immediate Plans for the development of Malnad area of this State. A copy of your reply may also be sent through the administrative Department in the Secretariat.

This reference may kindly be treated as special and your reply send before 12th instant positively.

Yours sincerely,

Dev. Dept.

THIRD ASST. SECRETARY TO GOVERNMENT
16 NOV 1950
DEVELOPMENT DEPARTMENT

Sir,

Sub: Malnad Development - S. Kanara District - Central Malnad Planning Committee - Immediate plans

Ref: D.O.No.111002 P & D 1/50-4 dated 6.11.50.

As stated by the Forest Grievances Enquiry Committee the development of inland fisheries in the Malnad areas in Puttur Coondapur and Karkal taluks is being attended to as part of the general development of inland fisheries in the state and proposals, will be submitted as and when schemes are ready. In addition to above taluks, investigation is proceeding in the Wynad taluk for the taking over of the following waters.

1. Thariode Samudram 8 acres in area

2. Pookot lake 12.93 acres.

It is also proposed to provincialise the Nethravati river system extending over 150 miles in the South Kanara District. The following waters have already been taken over in the taluks mentioned and fish culture is in progress in some of the tanks from a long time.

Coondapur taluk:

1. Kodi tank - 4 acres
2. Kokkere tank - 3 acres
3. Kundeshwar Temple tank ... 1 acre
4. Venkataraman temple tank ... 1 acre
5. Aithal tank - ½ acre.

Karkal Taluk:

1. Tharavakere tank - 7.98 acres
2. Ramasamudram -39.12 acres.

Hence these areas have not been neglected, though emphasis had been more on fisheries than on Malnad.

The suggestions of the Forest Grievancees Enquiry Committee are resubmitted as required.

for Director of Fisheries.

***

I am directed to forward ten copies of the interim report of the Central Malnad Planning Committee and to say that according to the report, the State Governments concerned with Malnad areas are to formulate individual schemes for the areas in their States, on the lines indicated by the Committee in its report. It is, therefore, requested that early action may please be taken to formulate such schemes and forward them to the Government of India. It is also requested that comments of the State Governments on the various recommendations of the Committee incorporated in their interim report may also be sent to the Government of India as early as possible and in any case, not later than 15th March, 1951.

Sub: Malnad Development - S.Kanara District - Central Malnad Planning Committee - Immediate plans.
Ref: Govt. Development memo No.14479-A P & D -1/50-3 dated 9-2-51 and subsequent reminders.

The list of tanks recommended for development of fisheries are the following:

In Puthur Taluk: 2 tanks in Kavetu village - 1 each in Bellare, Kadaba and Sarnal village.

Coondapur taluk: 4 tanks (1)Hanuthanakere (2) Thalanakkikere (3) Bankagra (4) Kilikere.

Karkal taluk: Veenoor tank.

The situation of the above tanks with their extension survey numbers and also the cost involved to take them over for pisciculture by the Department are furnished below:

Puthur taluk: Guruvanakere and Sunandakere. They measure about 14 acres 71 cents and 6 acres respectively. These two tanks are situated in Survey Nos. 15/1 and 105/1 respectively in Kuvethur village.

Moganpakattakere: (10 acres and 60 cents) This is in Bellare village and the survey No. is 164.

Oruvodukere is in Kodamaba village in Survey No.130.

Kanchikere kattekere: This is situated in Sarnal village in Survey No.2/1.

The staff required for proper supervision and for conducting stocking and fishing operations in these 5 tanks will be one fieldman and 5 watchmen. Two fishermen may also be attached to the office of the Assistant Fishery Demonstrator, Puthur, to conduct fishing operations in these tanks. The annual expenditure for development of these 4 tanks will be as follows:-

Recurring:

Pay and dearness allowance of a fieldman for one year - Pay Rs.25/- D.A. Rs.19/-	528	0	0
Pay & Dearness allowance of 5 watchmen on Rs.30 p.m.	1800	0	0
Pay & D.A. of 2 fishermen on Rs.30/- p.m. attached to the Asst.Fishery Demonstrator, Puthur	720	0	0
Stocking charges @ Rs.100 per each tank	400	0	0
	3448	0	0

Non-recurring:

Fishing tackles required for the 4 tanks @ Rs.300 each	1200	0	0
Supply of 4 fishing boats @ Rs.300	1200	0	0
	2400	0	0

The anticipated revenue in the first year will be about

p.t.o

about Rs.4000/- and in the subsequent years it is estimated to be Rs.8000/- The expenditure required in the subsequent years will be only a recurring expenditure of Rs.3448 being the pay and allowances of the Fieldman and wages and Dearness allowance of fishermen.

'B'

Coondapur taluk:

Hunthanakere: ($3\frac{1}{2}$ acres) This is situated in Molahalli village in Survey No.94. The annual expenditue will be Rs.685/- as per particulars given below:

Recurring:

Cost of fitting wire net	360	0	0
Stocking charges	50	0	0
	410	0	0

Non-recurring:

Cost of fitting wire net	25	0	0
Cost of boats & other implements	250	0	0
	275	0	0

Anticipated Revenue: Rs.1000/-

The recurring expenditure for the subsequent years would be about Rs.720/- being the wages of one watchman and a fisherman on Rs.30/- p.m. and the anticipated revenue is Rs.2000/- yearly.

Thalamakkikere: (3 acres). This is situated in Survey No.93 of Hambadi village. The expenditure for the first year was estimated to be Rs.660/- against the anticipated revenue of Rs.1000/- The particulars of Rs.660/- is furnished below:

1st Year. Recurring:-

Wages of Watchmen @ Rs.30	360	0	0
Stocking charges	25	0	0
	385	0	0

Non-recurring:

Cost of wirenet fitting charges	25	0	0
Cost of boat and implements	250	0	0
	275	0	0

The recurring expenditure for the subsequent years will be Rs. 720/- being the wages and Dearness allowance of a watchman and a fisherman for 12 months in the year and the anticipated revenue is Rs.2000/-

3. Bankagra (3 acres). This is situated in Survey No. 95/6 of Uppunda village. The estimated expenditure for the 1st year was estimated to be Rs.660/- as particulars given below against a revenue of Rs.1000/-

Recurring:

Wages of one watchman @ Rs.30/-	360	0	0
Stocking charges	50	0	0
Fishing charges	50	0	0
	460	0	0

p.t.o

Non-recurring:

Repairs to bund and channel outlet	Rs. 200	0	0

In the subsequent years we will have to meet a recurring expenditure of Rs.720/- being the wages and dearness allowance of a watchman and a fisherman on Rs.30 per mensem.

4. Kolikere: (1 acre) situated in Survey No.240 of Basrur village. The total expenditure for the first year was estimated to be Rs.450/- as particulars given below and the estimated revenue is Rs.500/-

Wages of one watchman @ Rs.30	360	0	0
Stocking charges	50	0	0
	410	0	0

Non-recurring:

Wire net for closing and opening sluices	40	0	0

We will have to meet about Rs.360/- in the subsequent years being the wages and dearness allowance of one watchman on Rs.30/- per month and fishing charges at Rs.480/- annually. The estimated anticipated revenue is expected to be Rs.1000/-

Venoorx tank: at Karkal at Venoor village. The estimated expenditure for the 1 year to take up this tank for provincialisation would be Rs.800/- as particulars given below:

Wages and dearness allowance of a watchman and a fisherman on Rs.30/- p.m.	720	0	0
Stocking charges	80Ø	0	0
	800	0	0

The esimated revenue is about Rs.1,500/-

In the subsequent years we will have to incur a recurring expenditure of Rs.800/- yearly and the estimated income is expected to be Rs.3000/- annually.

for Director of Fisheries.

Memorandum No.114479 P&D I/50- 8 dated 1 -5-51.

Sub:- Malnad Development - Immediate Plan - Fisheries.

Ref:- From the D.F. Lr.No.17862-A5/50 dated 14-11-50.
From the D.F. Lr.No.17862-D1/50 dated 17-4-51.

In the letter first cited the D.F. has reported that investigation is proceeding in Wynaad Taluk for the taking over of the following waters:-

(1) Thariode Samudram - 8 acres in area.

(2) Pookot lake - 12.93 acres.

The D.F. is requested to furnish very urgently the cost involved with necessary details for the development of fisheries in these areas.

To the D.F.

D.D. 15-5-51.

Copy of letter No.F.14-31/50.G.S.(P) dated the 8th June, 1951 from the Additional Secretary to the Government of India, Ministry of Food & Agriculture (Agri.), New Delhi to the Chief Secretary to the Government of Madras, Madras.

Subject:- Winding up of the Central Malnad Planning Committee.

I am directed to refer to the Government of India Resolution No.F.14-10/50.G.M.F.(Co), dated the 5th October, 1950, regarding the setting up of the Central Malnad Planning Committee and to say that in accordance with the terms of reference outlined therein, the Central Malnad Planning Committee submitted their interim report, which contains an outline of the immediate and short-term plans recommended by them for these areas. Copies of these reports have since been sent to the State Governments for their comments and also for formulating specific schemes for their portions of the Malnad Region vide this Ministry's letter No.F.14-31/50-G.M.F. (Co) dated 12-2-51. While the replies from the State Governments are awaited, the report has been examined by the Government of India, with special reference to its financial implications. In view of the heavy expenditure involved and also in view of the inability of the Central Government to assist the State Governments in the implementation of the schemes recommended by the Committee, it has been decided that the Committee need not proceed further with this work, and that the Committee should accordingly be

(p.t.o)

Al be wound up with immediate effect. In the circumstances, the constitution of a Central Malnad Development Board, as originally contemplated will no longer be necessary. It is requested that the representatives of the State Governments on the above Committee may be informed accordingly.

(previous notes need not be read)

A.S.

The Forest Grievances Enquiry Committee, has stated that there is large scope of work in the Malnad area in South Kanara District, before the Fisheries Department which will help in supplementing the staple food. The Committee has furnished the particulars of tanks in the Malnad area with details of pisiculture.

Puttur Taluk:- Five tanks - two in Kavettu and Village, one each in Bellare, Kodaba and Sarnal Villages.

Coondapoor Taluk:- 4 tanks have been recommended for being taken up and the approval of Government is awaited.

Karkal Taluk:- Only one tank in Vettur village is proposed to be taken up. It is also proposed to construct nurseries in suitable places so that the fingerlings stocked in them can be supplied to private pisiculturists.

OFFICE NOTE

The Director of Fisheries who was consulted on the recommendations of the Forest Grievances Enquiry Committee in connection with drawing up of Immediate Plan for the Development of Malnad area in this State ~~by Secretary, Development Department as a member of the Central Malnad Planning Committee~~, has stated that pisiculture is in progress in the following 7 tanks in South Kanara District for a long time:-

Coondapur taluk:

1. Kodi tank - 4 acres
2. Kotekere tank - 3 acres
3. Kundeshwar Temple tank ... 1 acre
4. Venkataraman temple tank .. 1 acre
5. Aithal tank - 1 acre

Karkal Taluk:

1. Tharavakere tank - 7.98 acres
2. Ramasamudram - 39.12 acres

p.t.o.

He has also stated that it is proposed to provincialise the Netravathi River System extending over 150 miles in South Kanara District. He has also stated that Development of inland fisheries in Puttur, Coondapoor and Karkal Taluks is being attended to as part of the general Development of inland fisheries in the State and proposals will be submitted as and when they are ready. In the circumstances, it is for consideration whether the action already taken by the Fisheries Department is considered sufficient or whether the five tanks in Puttur Taluk suggested by the Forest Grievances Enquiry Committee may be taken up for pisciculture and the Director of Fisheries asked to submit necessary proposals in this regard.

He may be asked to submit necessary proposals.

A.S. IV. S.

30/12/50

We should have an idea of the cost involved in developing the area proposed. Ask D.F. for an early report

5/1

To A.S. — A draft memo to the D.F. is submitted below for approval.

5/1/51 5-1-51

5/1/51

5-1-51

From the D.F. Lr.No.17862-D1/50 dated 17-4-1951.

To A.S.

While examining the recommendations of the Forest Grievances Enquiry Committee, South Kanara, the D.F. was requested to furnish the cost involved with necessary details for the development of inland fisheries in the areas recommended by the Committee. The particulars called for in the Memo at pp.11-12 c.f. are at pp.17-19 c.f. In November last the Member for Madras State consulted the D.F. an suggested to the Central Malnad Planning Committee among others that the following proposals may be included in the Immediate Plan:-

(1) Taking over 7 tanks (5 tanks in Puttur Taluk, South Kanara Dt., and two tanks in Wynaad, Malabar Dt. viz. Thariode Samudram and Pookot lake) at a cost of Rs.7,000 recurring.

(2) Provincialisation of the Nethravathi river system extending over 150 miles for stocking with fish. at a cost of Rs.5,000/- recurring.

The Central Malnad Planning Committee has made provision for Rs.1,52,150 recurring and Rs.35,000 Non-recurring for the establishment of 11 Inland Fisheries Centres at the Malnad areas in the States of Madras, Mysore, Bombay and Coorg. It is not known how much provision the Central Malnad Planning Committee has made in its Interim report for the Madras State under "Inland Fisheries". The cost involved for the development of 2 tanks in Wynaad, Malabar Dt. (viz., Thariode Samudram and Pookot lake) is also necessary to draw up the Immediate Plan for the Malnad areas in this State so far as Fisheries is concerned. For orders whether the D.F. may be requested to furnish this information. Subject to orders a draft Memo to the D.F. is submitted.

AST

Extracts of notes from the file bearing C.No.13202 P & D I/50.

---

xx xxx xxx

In April 1950 this Govt. constituted a Committee called the Forest Grievances Enquiry Committee, South Kanara to investigate the problems relating to the Malnad area in South Kanara Dt. and to suggest necessary measures required to solve them. The Committee submitted its report in October 1950. By then the Govt. of India also constituted the Central Malnad Planning Committee including the previous Secy., Development Department as a Member for drawing up immediate and medium and long term plans for the development of Malnad areas in the States of Madras, Bombay, Coorg and Mysore. The ~~xxxxx~~ relevant portions of the report of the Forest Grievances Enquiry Committee were sent to the Heads of Depts. concerned for remarks in connection with the preparation of an Immediate Plan for the development of Malnad areas in this State by the previous Secy., Dev. Dept. as a member of the Central Malnad Planning Committee. The suggestions of the Forest Grievances Enquiry Committee were also taken into account in preparing the Immediate Plan. The Central Malnad Planning Committee considered this plan along with the other plans of Mysore, Bombay and Coorg and prepared an Interim Report for the development of entire Malnad area in the States of Madras, Bombay, Mysore and Coorg and forwarded it to Govt. of India in December 1950. It was also ordered that the examination of the recommendations of the Forest Grievances Enquiry Committee might be proceeded with. Accordingly the recommendations of the Forest Grievances Enquiry Committee were examined in detail subjectwar in consultation with the Heads of Depts. and Depts. of Secretariat. But in February this year the Govt. of India forwarded the Interim Report of the Central Malnad Planning Committee for the remarks of this Govt. and asked for schehes for the development of Malnad areas in this State on the lines indicated in that report. Accordingly all the schemes to be included in the Immediate Plan of this State Govt., based on the recommendations of the Forest Grievances

Enquiry Committee and the Interim Report of the Central Malnad Planning Committee, were being finalised to be sent to India. But Fin. Secy. suggested, while finalising schemes under 'Public Health', that the implementation of the various schemes would involve a good deal of money and that no useful purpose would be served in examining the Interim Report of the Central Malnad Planning Committee in detail without ascertaining from India whether India would bear their share of expenditure. This view was accepted and India were informed that this Government would not be able to take up the development of the Malnad xx tract unless the financial assistance recommended by the Central Malnad Planning Committee in the Interim Report is forthcoming from the Govt. of India. The Interim Report of the Central Malnad Planning Committee had been examined by the Govt. of India with special reference to its financial implications. In view of the heavy expenditure involved and also in view of the inability of the Central Govt. to assist the State Govts. in the implementation of the schemes recommended by the Committee, the Govt. of India decided that the Central Malnad Planning Committee need not proceed further with this work and that the Committee should accordingly be wound up with immediate effect. In these circumstances this Dept. proposed that the Govt. of India's letter on p.27 c.f. might be taken as a final reply to this Govt.'s letter at p.21 c.f. and the preparation of the Immediate Plans for the Malnad areas of this State by this Govt. stopped. Finance Dept. have not offered remarks specificallyon this proposal. But, in view of their views expressed on pp.54-55 above, it may be taken that they agree to the proposal of this Dept.

The Forest Grievances Enquiry Committee, South Kanara was constituted by this Govt. - Please see the minutes of H.M. (Agri.) and H.C.M. extracted on pp.1-2 n.f. of G.O. Ms.No.1420 Devt. dated 10-4-1950. This Govt. also informed

(p.t.o)

Govt. of India previously that as this Govt. had appointed a Committee of their own, the proposals for the development of Malnad areas, as formulated at the Malnad Conference held at New Delhi, might not be necessary. The Govt. of India however constituted the Central Malnad Planning Committee with the previous Devt. Secy., as member. The Committee has now been wound up as stated at 'A' above. This Dept. therefore proposed that the recommendations of the Forest Grievances Enquiry Committee, South Kanara might be examined in detail keeping in view the Interim Report of the Central Malnad Planning Committee also, though the cost of the schemes to be implemented with reference to the suggestions of this Committee would have to be met entirely by this Govt. Fin. Dept. however consider that, in view of the present ways and means position, no new commitments can be undertaken. They have therefore advised that no useful purpose will be served in examining the recommendations of the Forest Grievances Enquiry Committee in detail at present. In these circumstances it is for orders

(1) whether the preparation of the Immediate Plans for the Malnad areas of this State by this Govt. with reference to the Interim Report prepared by the Central Malnad Planning Committee be stopped; and

(2) whether the recommendations of the Forest Grievances Enquiry Committee, South Kanara constituted by this Govt. may be examined in detail keeping in view the Interim Report of the Central Malnad Planning Committee also as proposed by this Dept.

or

whether the examination of the recommendations of the Forest Grievances Enquiry Committee, South Kanara may be deferred as advised by Fin. Dept.

P.A.

Dev. (P & D I) Dept.

To A.S.

The notes extracted on pp.-7-10 above and the orders in circulation at 'B' on p.10 above may be perused. The Forest Grievances Enquiry Committee, South Kanara has stated that there is large scope of work in the Malnad area in South Kanara Dt. before the Fisheries Dept. which will help in supplementing the staple food. The Committee has furnished the particulars of tanks in the Malnad area with details of pisiculture.

Puttur Taluk: Five tanks - two in Kavettu Village and one each in Bellare, Kodaba and Sarnal villages.

Coondapoor Taluk:- 4 tanks have been recommended for bein taken up and the approval of Govt. is awaited.

Karkal Taluk:- Only one tank in Vettur Village is proposed to be taken up. It is also proposed to construct nurseries in suitable places so that the fingerlings stocked in them can be supplied to private pisiculturists.

The D.F. who was consulted on the recommendations of the Forest Grievances Enquiry Committee in connection with the drawing up of Immediate Plan for the development of Malnad area in this State, has stated that pisiculture is in progres in the following 7 tanks in South Kanara Dt. for a long time:

Coondapoor Taluk:

(1) Kodi tank - 4 acres.
(2) Kotekere tank - 3acres.
(3) Kudeshwar temple tank - 1 acre.
(4) Venkataraman temple tank - 1 acre.
(5) Aithal tank - 1 acre.

Karkal Taluk:

(1) Tharavakere tank - 7.98 acres.
(2) Ramasamudram -39.12 acres.

He has also stated that it is proposed to provincialise the Nethravathi River System extending over 150 miles in South Kanara Dt. He has also stated that the development of inland fisheries in Puttur, Coondapoor and Karkal Taluks is being attended to as a part of the general development of inland fisheries in the State and proposals will be submitted as and when they are ready. The D.F. who was requested to furnish the cost involved with necessary details of staff etc.

for the development of fisheries in the areas referred to at 'A' on p.11 above, has given the necessary particulars at pp.17-19 c.f. The estimated expenditure for the development of ~~fishes~~ fisheries in the areas referred to at 'A' on p.11 above works out to Rs.5,913/- recurring during the first year, Rs. 7,248/- recurring per annum during the subsequent years and Rs.3,190/- Non-recurring. The estimated income works out to Rs.9,000/- during the first year and Rs.12,000/- per annum during the subsequent years. It will be seen that the proposal is a remunerative one. Besides ~~contributing to~~ it will ease to a certain extent the food situation in South Kanara Dt. Attention is invited to the portion marked at 'A' on p.10 above.

~~In these~~ In the circumstances it is for orders whether the tanks suggested by the Forest Grievances Enquiry Committee may be taken up for pisiculture and the D.F. asked to submit necessary proposals in this regard

or

whether in view of orders in circulation at 'B' on p.10 above, ~~whether~~ the action already taken by the Fisheries Dept. will be considered sufficient.

F.& A. (F.P) and Fin. Depts. may see for remarks.

The proposal may be supported in this dept.

BOARD OF REVENUE
PROCEEDINGS No. 114479 PPTS/50-10
15-9-51

F&A (F.P.)

The note & Desn from page 11 ante may be perused. The proposal at B on p 12 ante may be submitted to the Govt. With these remarks, the case may be put up to Fin

Finance (E.II).

The following tanks in South Kanara District have been recommended by the Forest Grievances Enquiry Committee for development of Fisheries by the Fisheries Department:-

Puthur Taluk (5)	Two tanks in Kavetu village. One tank in Bellare village. One tank in Kadaba village. One tank in Kilikere village.
Coondapur Taluk (4)	Hanuthanakere Thalanakkikere Bankagra Kilikere
Karkal Taluk (1)	Veenoor Tank.

The following statement shows in one view the expenditure and anticipated income in respect of the tanks in these three taluks:-

FINANCE DEPARTMENT
SECTION ASSISTANT
GOVERNMENT
MADRAS

P.T.O.

P.T.O.

Name of Taluk.	No. of tanks.	Staff proposed. (ultimately)	Expenditure			Income	
			Non-Recurring.	In 1st year.	In the subsequent years.	In the 1st year.	In the subsequent years.
			Rs.	Rs.	Rs.	Rs.	Rs.
Puthur.	5	One Fieldman 5 Watchmen 2 Fishermen.	2,400	3,448	3,448	4,000	8,000
Coondapur.	4	4 Watchmen. 3 Fishermen.	790	1,665	3,000	3,500	6,000
Karkal.	1	One Watchman. One Fisherman.	..	800	800	1,500	3,000
Total.	10		3,190	5,913	7,248	9,000	17,000

Since the proposal thus appears remunerative, and since it will ease the food situation in South Kanara District to some extent, it has been supported by Development.

2. In view of the heavy expenditure involved, and also in view of the inability of the Central Government to assist the State Government in the implementation of the schemes recommended by the Malnad Planning Committee, the Government of India decided that the Committee need not proceed further with its work and that it might be wound up. In view of this decision of the Government of India, orders in circulation were taken on the question of examining further the recommendations of the Forest Grievances Enquiry Committee. It has been finally decided that the recommendations may be examined, bearing in mind that no big expenditure could be incurred now.

3. The Director of Fisheries has already stated that the Malnad area of South Kanara District has not been neglected in regard to the development of inland fisheries, as shown by the existence of the tanks mentioned at 'A' on page 9 C.F. under the control of the Fisheries Department for this purpose, and that further proposals will be submitted to the Government as and when the schemes are ready. In the circumstances it does not appear that the proposal to take over the 10 tanks under reference is quite

urgent. Regarding the remuneration aspect of the proposal, it is submitted that amount of income is spread over as many as ten tanks in three Taluks, and lack of vigilance on the part of the Staff might easily upset the calculations. For instance, the annual expenditure from the Second year onwards in respect of the Kalikere Tank of Coondapur Taluk is Rs.840/-, while the receipts anticipated is only Rs.1,000/- leaving only a narrow surplus of Rs.160/-. It appears therefore that the Government cannot be sure of a net income if the proposals are given effect to.

Results on fisheries schemes have generally not been encouraging so far.

4. Taking all these circumstances into consideration, Finance may suggest that the proposal may be deferred. The details of staff and other items of expenditure do not call for any special remarks in this Department.

DEVELOPMENT DEPARTMENT

Dev. (P&D I) Dept.

To A.S..

The Forest Grievances Enquiry Committee, South Kanara has stated that there is large scope of work in the Malnad area in South Kanara Dt. before the Fisheries Dept. which will help in supplementing the staple food. The Committee has furnished the particulars of tanks in the Malnad area with details of pisiculture.

Puttur Taluk:- Five tanks - two in Kavettu village and one each in Bellare, Kodaba and Sarnal villages.

Coondapoor taluk:- 4 tanks have been recommended for being taken up and the approval of Govt. is awaited.

Karkal Taluk:- Only one tank in Vettur Village is proposed to be taken up. It is also proposed to construct nurseries in suitable places so that the fingerlings stocked in them can be supplied to private pisiculturists.

The D.F. who was consulted on the recommendations of the Forest Grievances Enquiry Committee in connection with the drawing up of Immediate Plan for the development of Malnad areas in this State, has stated that pisiculture is in progress in the following 7 tanks in South Kanara Dt. for a long time:-

Coondapoor Taluk:-

(1) Kodi tank - 4 acres.
(2) Kotekere tank - 3 acres.
(3) Kudeshwar temple tank - 1 acre.
(4) Venkataraman temple tank - 1 acre.
(5) Aithal tank - 1 acre.

Karkal Taluk:-

(1) Tharavakere tank - 7.98 acres.
(2) Ramasamudram -39.12 acres.

He has also stated that it is proposed to provincialise the Nethravathi River System extending over 150 miles in South Kanara Dt. ~~He has also stated~~ and that the development of inland fisheries in Puttur, Coondapoor and Karkal Taluks is being attended to as a part of the general development of inland fisheries in the State and proposals will be submitted as and when they are ready. The D.F. who was requested to furnish the cost involved with necessary

details of staff etc. for the development of fisheries in the areas referred to at 'A' on p.16 above, has given the necessary particulars at pp.17-19 c.f. The estimated expenditure for the development of fisheries in the areas referred to at 'A' on p.16 above works out to Rs.5,913/- recurring during the first year, Rs.7,248/- recurring per annum during the subsequent years and Rs.3,190 non-recurring. The estimated income works out to Rs.9,000/- during the first year and Rs.17,000/- per annum during the subsequent years. It will be seen that this proposal is a remunerative one. Besides it will ease to a certain extent the food situation in South Kanara District. This Dept. therefore proposed that the tanks suggested by the Forest Grievances Enquiry Committee. might be taken up for pisiculture and the D.F. asked to submit necessary proposals in this regard. F.& A. (F.P) Dept. agreed to the proposal of this Dept. But Fin. Dept. have suggested that the proposal at 'B' above may be deferred for the following reasons:-

(1) The D.F. has already stated that the Malnad area of South Kanara Dt. has not been neglected in regard to the development of inland fisheries as shown by the existence of the tanks mentioned at 'A' on p.9 c.f. under the control of Fisheries Dept. for this purpose and that further proposals will be submitted to the Govt. as and when the scheme are ready.

(2) The Govt. cannot be sure of ~~the~~ net income, if these proposals are given effect to, as the amount of income is spread over as many as ~~xxxx~~ ten tanks in three taluks, lack of vigilance on the part of the staff might easily upset the calculations and as results on fisheries schemes have generally not been encouraging so far.

3. In these circumstances the file may now be circulated for orders whether, in view of the fact that the Malnad area has great potentialities but has been neglected and ~~that~~ anything done there will add to the food resources, the

tanks suggested by the Forest Grievances Enquiry Committee may be taken up for pisiculture and the D.F. asked to submit proposals in this regard as proposed by this Dept. and agreed to by F.& A. (F.P) Dept.

or .

whether the proposal ~~at 'B' on p.17 above may~~ will be deferred as suggested by Fin. Dept.

Note from p. 16 above may be read.
The D.F. may be asked to submit proposals for stocking the tanks as proposed by the Forest Grievances Enquiry Committee. for orders.

Before the proposals are available, it is premature to conclude as the Finance Dept have done that the schemes will not be remunerative in respect of development and particularly Food schemes the test of remunerative character is not generally applied and should not surely be applied in the backward tract - May ask D.F to submit proposals
